<b>PR</b>	Make Your Dream Come True at Saitama University, Japan.		
<b>Message from seniors</b>	 <p><b>Naw Jacklin Nyunt (from Myanmar)</b> I came to Japan as an exchange student of Saitama University Master's course in 2014. I had planned to take the course for 1 year at first, but I proceeded to Doctoral course because I was impressed with Japanese culture. In Doctoral course, as my abilities of research methods and communication skills have progressed by interacting with international students from all over the world, I began to build confidence in myself. I am most grateful to my colleagues and the professor for always encouraging and supporting me. Also, I appreciate the wonderful environment for study Saitama University offers. After I graduate from the course, I'd like to be a bridge between Japan and my country using my knowledge cultivated by my study.</p>		

## 3 Jumonji University

<http://www.jumonji-u.ac.jp/>

<b>Address</b>	2-1-28 Sugasawa, Niiza-shi, Saitama-ken 352-8510

<b>PR</b>	At our university, we prepare "Half Term Course at Intensive Japanese Language Program" for those with the status residence of "Dependent" or "Spouse of Japanese", and provide sufficient Japanese language education.		
<b>Message from seniors</b>	 <p><b>Chen Xin (from China)</b> I decided to study at Intensive Japanese Language Program of Jumonji University because the teacher in China recommended it to me. This program provides not only Japanese language course but also the opportunity to experience Japanese culture, and help me understand this country more from the various points of view. In my everyday life, I can consult a staff of the center who support foreign students and it is helpful. After I complete this program, I am going to enter Jumonji University. I am very glad to be able to continue studying at this university.</p>		

## 2 Shibaura Institute of Technology

<https://www.shibaura-it.ac.jp>

<b>PR</b>	Shibaura Institute of Technology is the only one private university of science and engineering universities which is selected as "Top Global University" by the Ministry of Education, Culture, Sports, Science and Technology. The university has set a goal to being in the top 10 science and engineering universities in Asia in 2027, the year celebrating its 100th anniversary. We bring up "Global Human Resources in science and engineering who learn in the world and contribute to the world" and they will be able to lead a new world.		
<b>Message from seniors</b>	 <p><b>Kim Pong-Ju (from Korea)</b> The decisive factor I entered Shibaura Institute of Technology was that it is selected as one of the Top Global Universities and I was convinced I would be able to grow up myself here. I hope to get a job related to space such as planetary exploration projects in the future. I live very meaningful and enjoyable days in the international student dormitory in which enabled me to make lots of friends.</p>

<b>PR</b>	Josai University aims to become a leading university in the world and develop 'human resources with global mindset'.		
<b>Message from seniors</b>	 <p><b>Ei Thinzar (from Myanmar)</b> It's been my dream to study abroad since I was a child. I wanted to study economics, so I decided to come to Japan which is one of the most economically advanced countries in the world. Now I'm studying hard to get a master's degree. After graduation I want to find a job in a Japanese company and make use of my knowledge and skills I gained at Josai University. I hope my experience in Japan will help the development of Myanmar in the future.</p>
